President And Attlee Resume Talks On Korea

Expect Agreement On Unity To Defend World Against Reds

(BULLETIN)

WASHINGTON, Dec. 6.—President Truman and British Prime Minister Attlee resumed their talks on the world crisis at the White House this morning and announced that they will meet in another conference this afternoon.

The third day of the talks got under way following a 13-nation appeal to the Chinese Communists to halt their aggression in Korea.

By JOHN A. REICHMANN (I. N. S. Staff Correspondent)

WASHINGTON, Dec. 6.—The United States and Britain are expected to proclaim today their unity in defending the free world against Communist aggression.

Mr. Truman and Prime Minister Attlee continue their momentous talks today at the White House, despite the sudden death last night of the president's close friend and secretary, Charles G. Ross.

No Atom Bomb Use

The final communiqué on the series of three strategy talks is expected to announce that the atom bomb will not be used in Korea.

The heads of the two great English-speaking governments have also agreed that the United States will not use the atom bomb anywhere in the world before the president confers with America's closest allies.

This is understood to mean that the U. S. will confer with Canada, Great Britain, and France at least before the president orders the bomb used.

Eve of Pearl Harbor Anniversary

The final communiqué will be issued on the eve of the ninth anniversary of Pearl Harbor.

After the White House conference, Attlee is scheduled to speak before a luncheon meeting of the National Press Club. Because of the delicate international situation, however, he will not be subject to the usual question-and-answer period following his talk.

Midwest Has Sub-Zero Wave

CHICAGO, Dec. 6.—(INS) —A sub-zero cold wave accompanied by heavy snow covered a wide area of the midcontinent today.

The Chicago Weather Bureau said "very cold weather" covers an area extending from North Dakota to the Texas gulf coast.

Shenango River Starts Dropping

After having overflowed its banks in low-lying areas the Shenango river started dropping last night, and this morning had receded about six-tenths of a foot, falling to a stage of 14.9 feet at 9 o'clock.

Some roads which border the river at low spots were flooded and fields were flooded north of the city, it was stated. No serious damage was done however.

As to the direct quotations you ascribe to the broadcast that you mention, they are characteristically slanted and false.

It is clearly apparent from the record that the United Nations command at no time has deviated from the policies and directives given to it.

COURT REVERSES COPLON VERDICT

NEW YORK—Judy Coplon, government girl convicted of plotting to pass on top United States secrets to Russia, walks to her car after visiting her lawyers following an announcement that the U.S. Court of Appeals had reversed the verdict. The man with her is not identified.

Conviction Of Judith Coplon Is Reversed

NEW YORK, Dec. 6.—(INS) —The Justice Department considered today whether to institute a new trial of Judith Coplon whose conviction on espionage charges by a U. S. District Court in New York was reversed yesterday.

The reversal of the conviction against Miss Coplon, who also is fighting a similar verdict by a Washington court, was ordered by the United States Court of Appeals.

The court ruled yesterday that the 29-year-old former government girl had been convicted illegally as a Russian spy. But the three-man tribunal at the same time declared her "guilt is plain."

The court, reversing the decision handed down in U. S. District Court on March 7, ordered a new trial.

The former Justice Department employee was convicted on charges of plotting to pass top-secret U. S. government documents to Moscow.

U.N. Assembly In Emergency Session Today

Called To Start Action

On Resolution On Korea Intervention

By PIERRE J. HUSS (I. N. S. War Correspondent)

LAKE SUCCESS, N. Y., Dec. 6.—The United Nations General Assembly was summoned into emergency session today to start action on a six-power resolution complaining against Chinese Communist intervention in Korea.

The assembly acted on request of the 14-member steering committee to give top priority to the resolution proposed by the United States, Britain, France, Cuba, Ecuador and Norway.

Under the enveloping pressure of Chinese Red hordes, other U. S. and Allied units of the 10th Corps, totalling perhaps 40,000 to 50,000 men, were fighting toward the escape port of Hungnam from the north.

Troop transports, guarded by American warships, and patrolling planes, were reported assembled at Hungnam to take the UN forces aboard and remove them over the Japan sea, possibly to other battle-zones farther south in Korea.

Base Is Evacuated

Wonsan, a port equipped as a naval base, was evacuated Wednesday as strong Chinese Communist flanking columns stabbed into the city's outskirts from the nearby coastal hills.

Hungnam, coastal exit for the nearby UN-held chemical and communications hub of Hamhung, lies on the north rim of the Gulf of

Attempt To End Conflict

Meanwhile, a group of 13 eastern nations, headed by India, initiated another action in an effort to end the Korean crisis. The group appealed to Communist China and the North Korean regime to declare that their forces will not cross the 38th parallel. The nations asserted that such a declaration would provide time to resolve the conflict and avert the danger of world war three.

The appeal was signed by India, Burma, Egypt, Indonesia, Iran, Iraq, Lebanon, Pakistan, The Philippines, Saudi-Arabia, Afghanistan, Syria and Yemen. It was sent by special courier to Gen. Wu Hsiao-Chuan, head of the Chinese Communist delegation to the U. N.

Seeks Peace Plan

Another direction was taken by Lester B. Pearson, Canadian Minister for External Affairs, who came out in favor of broad peace negotiations with the Chinese Communists "by every means."

Rent Control Extension Plan Meets Delay

WASHINGTON, Dec. 6.—(INS)

The future of rent controls was painted into the wage-price picture today by a House rules committee that temporarily halted rent extension.

The rules committee, which governs legislation reaching the House floor, refused to clear a three-month rent control extension approved by the House banking and currency committee.

Hold Up Action

An authoritative source said that a Republican-Southern Democrat coalition on the rules group is determined to halt action on the rent measure until it is informed what the administration plans on wage and price control.

The Senate is scheduled to vote

on a two-month rent ceiling extension tomorrow. Both House and Senate measures would run from December 31, expiration date of the present law.

Meanwhile Sen. Maybank (D) S. C., chairman of the banking committee, predicted that the administration plans to ask "a lot of money" to finance the wage-price program. Maybank refused to divulge the amount he thought would be requested, but other sources estimated it all the way from 50 to 250 million dollars.

Compile Figures

On Snow Expense

City officials today were compiling bills, which will, when completed, show the cost of removing snow last week.

They said they were so near the amount they did not like to announce the cost until all bills have been presented for payment.

Extra workers, alone 66 in number, employed to aid the streets department cost more than \$1,100.

Dunkirk-Style

Evacuation Hinted In Northeast Area

By LEE FERRERO (I. N. S. War Correspondent)

SEOUL, Dec. 6.—The naval base of Wonsan was abandoned today by United Nations troops who were taken north in small boats to Hungnam where a big Dunkirk-style evacuation of northeast Korea was in the making.

Under the enveloping pressure of Chinese Red hordes, other U. S. and Allied units of the 10th Corps, totalling perhaps 40,000 to 50,000 men, were fighting toward the escape port of Hungnam from the north.

Troop transports, guarded by American warships, and patrolling planes, were reported assembled at Hungnam to take the UN forces aboard and remove them over the Japan sea, possibly to other battle-zones farther south in Korea.

Yule Projects On Legion List

Many Yuletide Activities Planned

Plans were outlined for a number of Christmas activities by the members of Perry S. Gaston Post, American Legion, at their meeting in the Legion Home, Tuesday evening.

First on the agenda is the annual Christmas party for the kiddies, which will take place on Friday evening, December 15, in the Legion Home, in which the post will be joined by the auxiliary. The post will furnish the treat for the kiddies and lunch, while the auxiliary will furnish the program of the evening.

A Christmas party for post members is also planned for Tuesday evening, December 26, in the Legion Home, when a fine program is being arranged for the evening.

In addition, the post plans to provide toys for underprivileged children at the Christmas season, and will also give to the Scotland Orphans Home Christmas fund. Another project, which will be launched immediately following Christmas will be the "Tide of Toys" for children in Europe, which proved a most successful venture last year. This is part of a national program, which is headed by Bing Crosby.

At the regular meeting next Tuesday, the post will be addressed by Major Ernest McClymonds, who will speak about his 28 months service in China, in which he observed conditions there closely. His observations will throw additional light on the situation in the far east at the present time.

Hopeful of Acceptance

Stassen, who is touring the Far East, told correspondents in Tokyo he is hopeful his ideas will be accepted both by the United Nations and China because:

"Unless China and the Soviet Union behind her are committed to the irrevocable course of all-out war to achieve their objectives, I believe they would welcome this proposal."

Should Red China spurn such a proposal, Stassen would have the U.N. "retaliate against attacking Chinese Communist forces by striking in any manner any objects of military significance in either Korea or China."

He said he is convinced that if China rejects a cease-fire order, retaliatory attacks on China would rather than increase the dangers of a third world war.

The closest large port is Hungnam, 50 miles north of Wonsan. At last report, the Marines were some 25 miles from Hungnam.

The South Korean capital and Third Divisions are also part of the Tenth Corps in the sector to which Bradley referred. Both Korean divisions have been reported retreating southward along the coast, presumably toward Hungnam.

Bradley's statement was issued in explanation of closed-door testimony that he gave earlier yesterday before the Senate Foreign Relations Committee.

He said that there had been "conflicting reports" concerning his testimony, and denied that he had even mentioned the possibility of evacuating the main United Nations forces in western Korea.

It is also known that the president agreed to consult with Great Britain and other close allies before ordering the bomb used in the future anywhere in the world.

Wrong Impression

At the same time, it was stated at the White House the president did not intend to give any impression in his news conference last Thursday that he was considering use of the A-bomb against Red China, despite full-scale intervention of Chinese Communist armies in Korea.

The White House source insisted the president did not realize at the time that he was giving such an impression. This source said the president was discussing the Atomic bomb in the light of any and all weapons that would be brought into use if the United States is forced to fight for its survival and that of other free nations.

The Hagaru-Kotori area was reported comparatively quiet except for intense American air activity.

The Air Force reported that 239 combat sorties were flown Wednesday in support of ground troops.

One Navy skyraider crashlanded at Hagaru but the pilot was not injured.

The Tenth Corps spokesman paid tribute to the work of light aircraft in removing Marine and Army Seventh Division wounded from the Hagaru area. He said small L-5 observation planes picked up 415 wounded in five days. Sometimes as many as three casualties were carried in one plane.

Tiny buttons from the neckline to the waist in back were further accents. WOMEN'S ECCLESIAN CLUB HAS YULE PARTY

Annual Christmas party of the Women's Ecclesian club was held Tuesday evening at 8:30 o'clock in the club rooms, South Jefferson and South streets.

Informal games and contests were featured during the evening. A delicious lunch was served by the committee in charge with a clever poinsettia candy basket marking each place at the table. Holiday centerpieces were used at the table with red and green candles on either end. A huge Christmas tree centered the room, surrounded by many gifts.

Secret sisters were revealed during the evening and handkerchiefs were exchanged. A general gift exchange was held later. Awards for the year in 500, bridge and contests were captured by Mrs. Ann Wallace, Mrs. Eleanor Davis and Mrs. Lottie Valensi, respectively. Special guest, Miss Palma Julian, received a gift from the club.

Prior to the party, a brief business meeting was conducted with vice-president Mrs. William Clinton in charge. Secret sisters were chosen for the new year.

The evening's success was due to the untiring work of the social chairmen, Mrs. Alberta Jones and Mrs. Eleanor Davis. Their aides included: Mrs. Helen Hite, Mrs. Frances Canan, Mrs. Babs Quarrell, Mrs. Wanda Zarilla, Mrs. Edith Faella, Mrs. Rhoda Krueger, Mrs. Terese Henle and Mrs. Mary Clinton.

The bride and groom will reside at 622 Etna street.

PREISEL-KLEJNOCKI EXCHANGE OF VOWS

A quiet but impressive ceremony united the lives of Miss Collette Preisel and Vincent Klejnocki on Thursday, November 30. Rev. Fr. Cornelius Becker officiated at the exchange of vows at 8:30 a.m., with the double ring ceremony performed.

The bride was attired in a wine gabardine suit with dusty rose accessories. A corsage of white carnations and baby mums complimented the ensemble. Miss Catherine Preisel, sister of the bride, was the maid of honor wearing navy gabardine suit with chartreuse accessories. Her corsage consisted of yellow roses and white baby mums.

Ernest Pokersnik, brother-in-law of the groom, served as best man.

Following the ceremony a breakfast was served at the home of Mrs. Anna Blake, aunt of the bride. Assisting in serving were Mrs. William Preisel and Mrs. Harry Ray.

A full course dinner was served to the immediate families, and in the evening a reception was held from 6 to 8 o'clock, with Mrs. Charles Sulei, Mrs. Emery Bianci, Miss Blanche Schooley, Mrs. Eugene Kendall and Mrs. Ernest Pokersnik serving.

The bride and groom will reside at 622 Etna street.

Don't be HALF-SAFE

by VALDA SHERMAN

Many mysterious changes take place in your body as you mature. Now, the glands under your arms begin to secrete daily a new type of perspiration containing substances which will, if they are not treated, cause a disagreeable smelling odor.

Look for this problem throughout your body. It's not enough merely to stop the odor of this perspiration. You must now use a deodorant that stops the perspiration itself before it reaches — and ruins — your clothes.

As doctors know, not all deodorants stop both perspiration and odor. But Arrid does! It's been proved that the new cream deodorant will stop underarm perspiration 1 to 3 days safely — keeps underarms dry and sweet.

Remember this, too. Arrid's antiseptic action kills odor on contact — prevents formation of odor up to 48 hours and keeps you "shower-bath" fresh. And it's safe for skin — safe for fabrics.

So, don't be half-safe. Don't risk your happiness with half-safe deodorants. Be Arrid-safe! Use Arrid to cure.

Arrid with Creamogen will not dry out, and it's so pleasant and easy to apply. Get Arrid today — only 35¢ plus tax.

The values of homes and contents were estimated at \$191,000 with total damage of \$30,890 or a savings of \$160,410. The value of cars on fire was \$12,100 with a total damage of \$610. The savings was \$11,490. Total damage to the buildings was confined in most part to three fires, Joseph Wirtz

home, Fazzone fireworks and the Frengel restaurant.

Communist China Demands Voice In Japanese Treaty

HONG KONG, Dec. 6—(INS)—Communist China took a new tack in the Far Eastern crisis by demanding a voice in the making of an early Japanese peace treaty.

Red China's premier, Chou En-Lai, made the demand in a special statement in which he also accused the U. S. of trying to make Japan a base for aggression in Asia.

The premier, who is also foreign minister, claimed what he called "legitimate Chinese rights" to Nationalist-held Formosa and the Pescadores Islands lying between Formosa and the Chinese mainland.

At the same time he charged the U. S. with making Japan an "American colony." The Red leader defended Russia's claims to the Kuriles and Sakhalin Islands north of Japan.

He implied that the United States is seeking to sign a separate treaty in order to avoid these "legitimate" claims.

The premier's statement was distributed in Hong Kong by the Communist news China news agency.

City Budget Is Lowest For Several Years

Budget for New Castle next year is the lowest in several years, according to Miss Edith Cleaveland, city controller, who stated that 1951's budget will be \$1,025,664 for general revenue, and \$62,465 for the sinking fund, or a total of \$1,088,129.49.

The total for general revenue and sinking fund in 1950, was \$1,096,157.69 and in 1949, \$1,193,118.35.

The totals for general revenue and sinking funds for years stated below, were as follows:

1945, \$891,133.25 derived from a 11 mills for general revenue and 1 1/4 for sinking fund.

1946, \$832,095.50, derived from a 11 1/4 mills for general revenue and 1 1/4 for sinking fund.

1947, \$829,096.90, derived from a 11 1/4 mills for general revenue and 1 1/4 for sinking fund.

1948, \$875,720.01 derived from a 13 1/4 mills for general revenue and 1 1/4 for sinking fund.

In 1949, the \$1,193,118.35, came from eight mills tax for general revenue and 1 1/2 for sinking fund, plus a 10 mills wage tax.

In 1950, \$1,096,157.69 came from a tax millage for general revenue of 8 1/4 and 1 1/4 for sinking fund, plus a collection of an average of 6 1/2 mills wage tax. The public schools were paid the other 3 1/2 mills wage tax.

It is pointed out that the millage for 1950, was cut from 15 mills to 10. The difference between the 8 1/4 and 1 1/4 was the one-half mill levied for library purposes.

The estimated budget for 1951, is given as \$1,088,129.49, to be derived from a general revenue millage of 9 1/4 and sinking fund millage of one mill, plus an estimated average collection of 5 1/2 mills from the wage tax.

The total does not include the one-half mill for library purposes.

In fact, none of the budgets 1945-51, inclusive, contain the amounts received from the tax levy for library purposes.

Instead of raising the library millage for 1951, council has appropriated \$5,000, out of general revenue, to aid the board which says it needs additional money to operate.

WASHINGTON CALLING

(Continued from Page Four)

ures and, above all, the failure of intelligence in Korea.

Many people in Washington, including several European diplomats, know of the overall intelligence report on Korea prepared by the Central Intelligence Agency. The CIA report took a very grim foreboding view of the numbers and the intention of the Communist Chinese in Korea. Completed on November 21, it was available to MacArthur's staff before the offensive was launched.

The report said the frontier alert had been ordered because of a general uneasiness over the Korean crisis. Iran has been involved in a border dispute with Russia for some time. Recently Russia agreed to set up a Soviet-Iranian commission to settle eight separate boundary disagreements.

At the very least, the proper committees of congress are entitled to know whether this report was considered and, if it was considered, why the information it contained was ignored. For the rest, there is faith and prayer in one of the darkest hours in our history.

Folks Of Fame

This American clergyman and philanthropist William Ellery Channing was born in Newport, R. I. April 7, 1780. In his vacations from Harvard he taught at Lancaster, Mass. He went to Cambridge as regent in Harvard, and in 1802 began to preach. He was ordained as pastor of a Boston church and became an apostle of Unitarianism. He took a keen interest in all public questions. He visited the West Indies and wrote a book titled "Slavery," in which he said, "an cannot be justly held and used as property." He thought, however, that slaves should not be freed by government enforcement, but by enlightened public conscience. He was the author of various books besides the one on slavery, and he delivered an address celebrating the anniversary of emancipation of slaves in the British West Indies. He also held advanced views on the education of children. He died Oct. 2, 1842, at Bennington, Vt.

Agatha Christie was born in Torquay, England. She was married and divorced, has one daughter, and was married for a second time. For years she has been one of the best known writers of mystery or detective stories. The first of her books listed is "The Mysterious Affair at Styles." Some of the other works of this voluminous writer are: "The Secret Adversary," "The Murder on the Links," "The Man in the Brown Suit," "The Secret of Chimneys," "The Murder of Roger

Ackroyd," "The Mystery of the Blue Train," "The Murder at the Vicarage," "Murder on the Orient Express," "One, Two, Buckle My Shoe," "Evil Under the Sun," "The Body in the Library," "Five Little Pigs," "The Moving Finger and Towards Zero."

FRONTIER ALERT

PARIS, Dec. 6 — (INS) — The French newspaper Paris Presse reported in a dispatch from Tehran that all Iranian army leaves have been cancelled and frontier forces alerted.

The report said the frontier alert had been ordered because of a general uneasiness over the Korean crisis. Iran has been involved in a border dispute with Russia for some time. Recently Russia agreed to set up a Soviet-Iranian commission to settle eight separate boundary disagreements.

Dr. Dean Sherwood Luce Is 'Family Doctor Of Year'

CLEVELAND, Dec. 6.—(INS)—Dr. Dean Sherwood Luce of Canton, Mass., was selected Tuesday as the "family doctor of the year" by the house of delegates of the American Medical Association.

The honor, which carries with it a gold medal, emblematic of exceptional service by Dr. Luce to his community, was voted at the opening of the four-day clinical session of the AMA.

Dr. Luce was chosen from a group of three physicians, all that remained from a list submitted by each county medical society.

The other two doctors in the final voting were Dr. Jim Camp of Pecos, Tex., and Dr. John William Strange of Loogootee, Ind.

Dr. Luce, who was not present when the selection was made, is the son of a Yankee sea captain. He was graduated from Harvard Medical school in 1904 and following an internship at Long Island hospital set up practice in Canton in 1905.

Seventy-Five Babies Yearly

Dr. Luce averaged delivery of approximately 75 babies a year for more than 20 years in the New England town.

He was a captain in the medical corps during World War I and on the selective service board in Canton in World War II. He has been associated with the Norwood hospital and has been school physician for more than 20 years.

Earlier, Elmer L. Henderson of Louisville, Ky., president of the AMA, told 5,000 attending physicians that "thousands of allies" are backing the AMA's fight against compulsory health insurance.

Dr. Henderson said the AMA's nationwide advertising campaign has been successful in winning support from 65,000 individuals, firms and associations.

"Those 65,000 new-won friends of our profession," Dr. Henderson continued, "spent more than \$2,000,000 in a two-week period, or nearly twice as much as the AMA itself, in support of medical freedom."

Surplus Farm Commodities Sales Costly

WASHINGTON, Dec. 6.—(INS)—The agriculture department reports that October sales of surplus farm commodities bought under price support operations handed the government its biggest loss of the current fiscal year.

The back-wash of the department's price support buying sprees during the past marketing season—disposing of accumulated stocks—cost Uncle Sam \$34,460,000 in October alone.

That amounts to more than half of the loss sustained by the government for the first four months of the 1950-51 business year beginning July 1. Up to the end of October the government lost a total of \$63,670,000 in disposing of accumulated stocks.

The department is continuing to take its biggest losses trying to get rid of wheat, grain sorghums and the so-called perishable farm commodities.

Dropped Five Million

A spokesman says that for the month of October alone, the department dropped five million dollars in disposing of wheat, two and a half million dollars on grain sorghums, five million on potatoes, three million on butter, three million on powdered milk, almost four and a half million on powdered eggs and one and a half million on cheese.

The government buys the products at specified support levels to hold up market prices and then is obligated to find buyers—foreign or domestic—for what it has bought. It usually comes out second best.

As it is, the agriculture department still has more than two billion dollars worth of farm commodities it bought under price operation during the past several seasons.

In addition to the government-owned inventories, the agriculture department also holds a little more than 873 million dollars worth of corn, wheat, tobacco and other storable commodities on a loan basis from farmers.

In preparing broccoli cut off the woody end of the stalks and any coarse lower leaves. If the ends of the stalks are large, split them with a small sharp knife so they will cook as quickly as the tender upper part. Put about an inch of salted boiling water in a saucepan and add the broccoli; cover and cook quickly for about 15 minutes or just until tender. Serve with a butter sauce after draining.

Does Linda get her revenge? Does Hal get to be president? Does the whole plan of Linda's backfire? The Rogers home is kept in an uproar with the intrusion of Diana Gorden, the school siren, and Linda's school chums.

SEE ADEQUATE RUBBER

CHICAGO, Dec. 6.—(INS)—The anticipated defense program is expected to supply the United States with adequate amounts of rubber for all civilian and military needs during 1951.

John L. Collier, president of B. F. Goodrich Co., made the estimate to a meeting of the tire, battery and accessory group of the petroleum industry in Chicago. However, he added:

"This picture might be changed . . . by fresh outbreaks in crude-rubber producing areas or by all-out war."

NEW LEASE ON LIFE

Continued life for thousands was the direct result of Banting and Best's discovery in 1921 that Insulin was contained in extracts from a partially denervated pancreas. This was the vital fluid that was known to make proper assimilation of certain foods by the body possible . . . without which diabetics suffered and eventually died. By skilled balancing of dietary treatment and insulin injection, diabetics can live almost a normal life, even though there is no known cure for the disease itself.

TAKE CHRISTMAS MONEY

The annual Christmas party for the youngsters, staged by the Neashnock township volunteer firemen, will be short a little money this year.

Two young men have been arrested, charged with the theft. Ezra McGlothin of Neashnock avenue and Glenn Elgass of East street facing charges of burglary, and were arraigned before Justice of the Peace Everett Anderson.

Name Soloists For Messiah

Messiah To Be Sung At Cathedral Sunday

The Music Club chorus will present Handel's "Messiah" Sunday evening, Dec. 10, at the Cathedral at 8 o'clock.

This is the 12th annual presentation of Handel's incomparable oratorio, sponsored by the Ministerial Association, and ushers in the Christmas season in this historic year of 1950.

At the rehearsal on Monday evening, tremendous enthusiasm and a great sense of accomplishment was evident in the huge chorus. Mrs. William J. Caldwell, their director, whose leadership has built the chorus to its present magnificent proportions, was well pleased and said, "Truly, this will be the best performance we have ever given."

Soloists For Presentation

The soloists will be Lucile Bauch, soprano soloist at the Smithfield Evangelical Protestant church in Pittsburgh. Miss Bauch is no stranger to New Castle, as she sang with the chorus as soprano soloist in 1948.

Elsa Strehler, contralto, choir director and contralto soloist at Second U. P. church in New Castle, will do the contralto solos for the fourth time with the chorus. Mrs. Strehler has done concert work in Pittsburgh, Beaver, Canton, O., Lakewood, O., and Niles, O.

The tenor solo will be sung by Robert Topping, soloist in the Sixth avenue Presbyterian church in Pittsburgh. Mr. Topping is on the faculty of Pittsburgh Musical Institute and has appeared as soloist with the Philadelphia and Chicago Symphony orchestras. He appeared with the chorus last year, and New Castle is looking forward to hearing him again.

Robert Oliver of New York City will sing the bass solos. Mr. Oliver is the son of Mr. and Mrs. C. R. Oliver of Portersville, Pa. He was born in Portersville and studied at Geneva college. During World War II he was a commissioned officer in the navy; in fact, is holding a commission with the Reserves. He studied at Juilliard school and Columbia university. At present he is bass soloist at the Calvary Baptist church in New York City. The chorus is proud to welcome Mr. Oliver, as his father, C. R. Oliver, has been a member of the chorus for 12 years.

Accompanists
These soloists and the chorus

will have the splendid collaboration of two of New Castle's finest musicians, Mrs. Richard K. Allen, director and organist of the First Christian church, New Castle, and Edwin Lewis, director and organist of the First Methodist church, New Castle, at the organ.

Officers of the chorus are Miss Mildred Kelley, secretary, whose multitudinous duties are performed with ease and cheerfulness; Miss Anna Ditteler, librarian, who has charge of seeing that each one has his own copy and black cover; Miss Maude Mitchell, treasurer, and Miss Ruth Weir, accompanist to the chorus. Miss Weir is director and organist of St. Paul's Lutheran church, this city. It is to her patience and faithfulness at rehearsals that the chorus owes much. The thanks of the church go to each of them. Mrs. H. W. Helmick is president of Music Club. Mrs. James W. Moorehead is executive advisor of the chorus.

Rev. J. Paul Graham, D.D., president of the Ministerial Association, will give the invocation. Rev. A. E. Simon, pastor of St. John's Lutheran church, will give the offertory prayer, and Rev. A. C. Howe, pastor of Epworth Methodist church, will pronounce the benediction.

The ushers will include the Misses Elizabeth Emery, Evelyn Bernine, Kathryn Bittner, Lena Richards, Margaret Graham and Barbara Schulz. Mrs. S. Glenn McCracken, Mrs. Jay L. Reed, Mrs. John F. Love, Mrs. Marshall G. Matheny, Mrs. Clifford Propst and Mrs. Paul Welsh. They will be aided by New Castle Consistory ushers.

Falls On Icy Steps, Suffers Broken Leg

William Badger, aged 58 years, of R. D. 6 was treated at the Jameson Memorial hospital for a fracture of the lower right leg Tuesday afternoon at 3:30 o'clock. Mr. Badger fell on a set of ice steps, suffering the injury. He was taken home following treatment.

Winter War Dress

COLD WEATHER on the Korean front makes winter uniforms a vital factor and here U.S. Army Sgt. Pierre Prejean (left), of Henry, La., contrasts Chinese dress with GI combat clothes worn by George J. Schneider of the Quartermaster Corps. As shown in this Washington comparison, the U.S. uniform has five layers for the upper body and three for the lower. Chinese coat has one layer of padded cotton. Harlansburg P.T.A. Has Art Program

Members of the Harlansburg Parent-Teachers' association met recently in the school building at 7:45 o'clock.

Mrs. Gault, supervisor of art at the Slippery Rock State Teachers' college, discussed the teaching of art in the elementary grades. She explained the method by which art is taught to the chil-

dren, and also urged the parents to be understanding and encourage a child's ability in art.

Miss Griffith, an art teacher from the Slippery Rock State Teachers' college and training school, spoke on the teaching of art in the upper grades and displayed work that had been done by the children.

The December meeting will be held in the school building, with a Christmas program planned.

A Christmas dinner, complete with all the trimmings, was served to Ladies Auxiliary, Fraternal Order of Eagles, No. 455, marking the initial event in an evening of gala activities planned by chairlady for December, Mrs. Cecelia Jackson and her committee. Tuesday evening at the Eagles' home.

Aides in preparing the dinner were Mrs. Martha Hook, Mrs. Mae Alben, Mrs. Pearl White, Mrs. Adaline Navarra, Mrs. Lillian Hunter, Mrs. Orpha McConnell, Mrs. Elsie Pugh, Mrs. Henrietta Davis and Miss Laura Williams. Serving were Mrs. Dorothy Heckart, Mrs. Kathryn Williams, Mrs. Ruby Thompson, Mrs. Helen Reno, and Mrs. Melita Pilch.

Tables, arranged in the ballroom, were festively decorated in the holiday motif. Gay and clever favors designated the place-settings for 100 guests. Those who fashioned the decorations were Mrs. Mary Mateja, Mrs. Wanda Hritz, Mrs. Bertha Lutton, Mrs. Blanche Badger, Mrs. Thelma Whitman and the Misses Mary Louise Toney and Sara Alex. In charge of the prizes and distributing the gifts for the gift exchange were Mrs. Clara DeMatteo and Mrs. Agnes Perry.

During the presentation of the gifts, Mrs. Jackson, chairlady, presented Mrs. Ray Fredericks, a special guest of the evening with a gift from the auxiliary. Mrs. Henrietta Davis presented the auxiliary president, Mrs. Orpha McConnell, with a gift. Mrs. McConnell in turn presented gifts to Mrs. Adaline Navarra, Mrs. Cecelia Jackson, Mrs. Kathryn Williams and Mrs. Elsie Pugh. Mrs. Henrietta Davis, Honorary Mother of the Year, was also the recipient of one of the beautiful gifts.

Henry Home Party
During a short business meeting, Mrs. Jackson announced that the

auxiliary will hold its annual Christmas party for the Margaret Henry Home children on Tuesday, Dec. 19, at 7:30 p. m., at the home, with auxiliary members furnishing the luncheon.

The first part of the evening's entertainment was composed of two "toy orchestras," vying with each other for top honors. The second group, led by Mrs. Adaline Navarra, won first prize, while the first group, led by Mrs. Cecelia Jackson, received consolation awards. After this hilarious feature, Mrs. Recie Lamm, a member welcomed recently into the organization, pleased with musical spoon numbers.

An added attraction of the evening was the showing of movies in color by Mr. and Mrs. Jacob De Fono. Mrs. Clara Jameson won the door prize.

Mrs. Josephine Mooney announced that bowling for tenpin and duckpin leagues would be held Thursday, Dec. 7, at 9 p. m.

Concluding the evening's festivities, the ladies enjoyed social chat and other informal diversions.

Margaret Truman Sings In Her Most Dramatic Concert

WASHINGTON, Dec. 6.—(INS)—Margaret Truman is resting up today after what well may prove to be her most dramatic concert. The President's daughter sang to an enthusiastic capacity audience in Constitution Hall last night completely unaware that Charles Ross, presidential press secretary and a "Dutch uncle" to her, had died two hours before.

The President and first lady who occupied the Presidential box along with British Prime Minister Clement Attlee took elaborate precautions to prevent Margaret from learning of the death before the concert.

Both the Chief Executive and Mrs. Truman looked rather downcast at the concert although they smiled when the capacity audience gave Margaret ovation after ovation.

A fine program has been arranged, it is announced. Due to weather conditions last week it was impossible to secure a dinner meeting place. Next meeting will be in the form of a dinner meeting, however, it is reported.

Normal Force At Streets Bureau

Commissioner Joe O'Leary, street bureau, reported today snow conditions have improved so rapidly, all extra men, and equipment, have been released, and a normal force is now operating from the streets bureau. Both city high

lifts are out of commission, but are being repaired. As soon as they are, further snow removal will resume, he added.

Better Hurry; Days Scarce For Christmas Shopping

Only sixteen days to push through your way through endless crowds and buy your Christmas gifts.

Are you getting worried, losing your hair and fingernails, wondering just what to buy each person on your gift list? Now is the time to really take some time out and concentrate on each gift rather than try to think of them all at once. Why worry. With all your efforts you'll still end up buying three year old Tommy a mechanical train much too old for him, and a purple tie for uncle Jim when you know he would rather have red.

People rush and hustle around making their purchases and trying to keep them a secret until the big day. They peep about to see if they are being watched and are nearly ready for an institution by the time Christmas has finally arrived.

How So Calm

You begin to wonder just how others seem to remain so calm and collected in all the confusion. Their gifts are bought and wrapped, Christmas tree ordered and home decorated and still have time for parties and fun with the family. And there you are, not able to finish the essential preparations.

Glowing lights in town, lovely Yule decorations in the stores, and the department store Santa's merry laugh only help in deepening your scowl. Why, you muse, aren't the days forty-eight hours long and the time more than "two weeks before Christmas?" Ever stop to realize that you have fifty-one weeks in the year before the holiday arrives?

However, you manage to live through it all, and Christmas Eve finds you haggard and worn but saying "oh well, it only comes once a year."

REGISTERING AT HOTEL

"Regarding names, give us please the following information about registering at a hotel: Man and wife—man, wife, children and his mother. (2) How should an unmarried woman register? How should a widow? A divorcee? A married woman traveling without her husband? (3) How should we address, in conversation, a Catholic priest? A bishop (Catholic or Protestant), a rabbi, a senator, a congress?"

Answer: A man, registering alone, signs himself: John Jones, omitting "Mr.". If he is a physician, he usually prefixes "Dr.". Man and wife register Mr. and Mrs. John Jones. Neither John Jones and wife nor John Jones and family is correct. The entire family should be registered by name. Unless the children are very small, in which case "and children" may be added.

An unmarried woman should sign "Miss Mary Jones". A married woman or widow "Mrs. John Jones". A divorcee "Mrs. John Jones" or "Mrs. Smith Jones", whatever is her usual form of address.

A Catholic priest should be addressed in conversation: "Father". If he is a Doctor of Divinity, address him as "Dr.". In writing, address him: "Reverend John Smith" followed by the initials of the order of which he is a member, if he is an "order priest". A bishop (Catholic or Protestant) should be orally addressed as "Bishop Smith". In writing: The Right Reverend John Smith or The Bishop of (city). Rabbi: "Dr." if he holds the degree or "Rabbi Smith". In writing: "Dr. J. N. Smith" or "Rabbi J. N. Smith".

A senator is addressed as "Senator". In writing (social) Senator John Smith (his home address);

How can you pass up prices like these?

As we've been saying for quite a spell—"Whatever your price range—Better buy Buick."

But maybe we'd better get down to brass tacks, as to just what this suggestion means.

In the lower-price field, this has been happening:

Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three." They found they could afford a Buick!

In the fine-car field, something even more impressive has happened:

Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!

So—whatever your price range,

take a look at our prices—and at what you get for your money.

What you get is the thrill of owning the greatest Buick of all time—as registered by record-breaking sales.

What you get is power and style and comfort and performance that are hard to match in any other automobile.

More specifically—you get the power-with-thrift of Buick's famous Fireball high-compression engine—a style that stands out in any company—a ride with the comfort of coil springs on every wheel—and performance that makes you feel like the head man on any highway.

Better come in today—and see what can be done about getting quick delivery.

Motorists Of State Are Setting Two New Records

By AL SPIVAK
(L. N. S. Staff Correspondent)

HARRISBURG, Dec. 6.—Pennsylvania motorists are setting two new records this year:

More are losing their licenses and fewer are losing their lives. Operators' licenses of 27,529 drivers have been suspended so far this year in Pennsylvania, according to statistical supervisor John E. Smiley of the state highway safety bureau.

"We definitely will exceed last year's total of 28,000 suspensions," he said, "although last year's was the largest on record."

The crackdown on motor code violators is reflected, Smiley said, in the lowest traffic death rate in the bureau's history.

During the first 10 months of 1950, he said, 1,223 fatalities were reported in Pennsylvania highways, a decrease of 55 from the comparable period of 1949.

"This amounts to 14 highway deaths for each 100,000 population in Pennsylvania," Smiley explained, "compared to a national rate of 23.2 per 100,000."

More Drivers

The record, according to Smiley, has been established in the face of an increase in the number of drivers and motor vehicles registered in the state along with the greatest number of vehicle-miles ever traveled.

"At present only seven states have reported decreases in fatalities for the first 10 months of 1950, and none of the others is as large in population as Pennsylvania," he pointed out.

In addition to licenses suspended, 2,625 have been revoked for infractions of the law. By year's end,

revocations probably will exceed last year's total of 1,764.

The upsurge in suspensions and revocations is no coincidence, Smiley emphasized, and neither is the accompanying decrease in deaths.

State and local police have maintained a program of stricter enforcement than in the past," he said, "in an effort to cut down deaths."

Speed Causes Arrests

Speed has been the cause of 48 per cent of arrests, according to Smiley. A motorist convicted of speeding faces automatic 90-day suspension of his license.

Highway safety bureau director T. E. Transeau, branding speed "public enemy No. 1," has blamed speeding for more than 30 per cent of traffic accidents.

"Locally, then," according to Transeau, "any program that helps to reduce speeding will reduce traffic accidents."

Following up speed as a cause for losing operators' rights—but far behind—are failure to post security after accidents, intoxication and reckless driving.

Record month for suspensions was August, when 424 drivers temporarily lost their operating privileges. An additional 160 lost their licenses permanently through conviction, Smiley said.

Since 1937, suspensions have increased more than 200 per cent, he added.

Bids Are Asked On Highway Projects

HARRISBURG, Dec. 6.—(INS)—The state highways department has called for bids on the following projects December 27:

Crawford and Mercer counties—Three I-beam bridges over Mud and Black Runs and Wolf creek plus .45 of a mile of highway or rural routes 20039, 43022 and 4303 in East Fairfield, Liberty and Worth townships.

Erie county—Construction of 2.72 miles of reinforced concrete structures and three reinforced steel bridges on traffic routes 97 and 705 in Summit and Mill Creek township.

Indiana county—Construction of 2.71 miles of reinforced concrete highway on traffic route 80 in Rayne and Cherryhill townships and Clymer borough including improvements to bridges over two Lick and Crooked creeks.

BRINGING UP FATHER

THE FAMILY SCRAPBOOK

By F. R. ERNEST G. OSBORNE

The Importance of Success

Two-year-old Garry Owen was having a tough time. The toy wagon he was pulling at the end of a string had caught behind the table leg. Pull as hard as he would, he still couldn't get it loose. Finally, crying and screaming, he gave up. Garry's dad sat looking at his son and said to his wife, "Now don't help him. He'll have to learn how himself."

These little experiences are important. Through them youngsters learn all sorts of things. But what was Garry learning? Was it a good idea for his parents to let him struggle with the problem alone?

Probably not. We do want children to meet their own problems as far as possible. But trial-and-error learning is not necessary best.

Mr. or Mrs. Owen could have rushed to Garry's assistance as soon as the wagon got caught. But that would have been one step in making him too dependent on other people. But if one of them had helped him to dislodge the wagon either by picking it up or

by pulling on the string from a different angle, he would have been taking a step toward sturdy independence. As it was, he got a sense of failure, of being unable to take care of the situation that is likely to carry over into the next similar one.

Success is important for young children in such simple situations as these. If we can help them meet the problems themselves there is no danger of making them too dependent or of contributing to a feeling of failure that may develop into a general attitude of "What's the use? I can't do it." (Copyright, 1950, United Feature Syndicate, Inc. Registered U. S. Pat. Off. All rights reserved.)

Message Is Read From President

MILWAUKEE, Dec. 6.—(INS)—President Truman told the second annual convention of the CIO International Union of Electrical Workers meeting in Milwaukee that "the grave period ahead will call for complete devotion to the highest duty of every American."

The message from the president was read to some 700 delegates representing 300,000 members of the new union formed to bypass the left wing United Electrical Workers. The president said "the freedom of labor everywhere is at stake," and added:

"I want to wish you well as you continue American labor's fight against the immoral influences of domestic and international communism."

The delegates answered the president by drawing up their first constitution which barred communists, fascists and "other totalitarian sympathizers" from holding office.

After the Jesuits were expelled from Paraguay the natives gradually lost the farming and artistic skills the priests taught them.

New Castle Property Tax Valuations Low Says Mayor

Mayor John F. Haven today pointed out that New Castle property is assessed at only \$4.10 per cent of its true market value, compared to a higher valuation in five other Pennsylvania Third Class cities.

He said he obtained the report from the Pennsylvania League of Third Class cities, to whom the State Appraisal Department made its report.

Further, he said many cities have a higher millage than New Castle.

The market value of assessed true valuation for the other five cities follows:

Altoona—\$4.64, tax millage 15.
Easton—\$9.73, millage 12.
Lancaster—\$9.09, millage 8½.
Washington—\$7.57, millage 14.
Duquesne—\$6.20, millage 12.
New Castle—\$4.10, millage 10
(for 1950, will be 11 in 1951).

He pointed out the tax millage in some other Third Class cities as follows:

Connellsville, 24; DuBois, 21;
Bradford, 19; Beaver Falls, 19 (plus
theater tax); Nanticoke, 20; Pitts-
ton, 20; Pottsville, 19½; and
Shamokin, 20½.

The assessed property valuation of New Castle is approximately \$1½ million.

The property value of Lawrence County is given as \$93,766,000 in-
cluding New Castle's valuation.

Price Stabilizer Appointment Is Given Approval

WASHINGTON, Dec. 6—(INS)—The Senate Banking Committee on Tuesday unanimously approved Mayor Michael Disalle of Toledo as price stabilizer.

The vote came after Disalle told the committee that he would launch a price leveling program "as quickly as possible." He said he planned to start off his efforts to stabilize prices with a "rigid voluntary program."

Disalle later told newsmen that the voluntary controls would be administered through these divisions of his price stabilization office: durable goods, soft goods, industrial manufacturing, food and restaurants, utilities, transportation and possibly fuel.

In his testimony before the committee, Disalle said:

"We should start a rigid program of voluntary controls to bring home to the people the evils of inflation. I will do everything possible to get the program moving as quickly as possible. It would be silly to impose compulsory controls with no machinery to enforce them."

Representatives Of Big Three To Meet in Paris Thursday

PARIS, Dec. 6—(INS)—A new approach to the Far Eastern crisis was foreshadowed by the announcement that American, British, and French representatives are scheduled to meet in Paris Thursday to consider replies to the Soviet proposal on German unification.

The meeting will take up the Russian note of Nov. 3 which suggested a meeting of the big four foreign ministers to discuss plans for German unification.

The Western powers are agreed that any meeting to consider Germany only would prove fruitless.

However, the French, on Nov. 8, announced they would agree to such a parley if the question of the Far East and an Austrian peace treaty were included.

The British, too, while turning down a parley restricted to Germany, have indicated willingness for such a meeting if its scope were broadened.

The announcement of the coming meeting of big three representatives was made yesterday by the British foreign office which said the parley would last for two days.

The meeting will take up the Russian note of Nov. 3 which suggested a meeting of the big four foreign ministers to discuss plans for German unification.

The Western powers are agreed that any meeting to consider Germany only would prove fruitless.

Mrs. John Anderson on Wednesday evening, Dec. 6.

There will be prayer services at the church Thursday evening, Dec. 7, at 8 o'clock. The Young People's class will have charge of the

services. After the services there will be a meeting of those in charge of the Christmas program.

MISS COWLES DIRECTS FIRST SHOW FOR PLAYERS CLUB

—New Castle News Photo
Miss Ethel Cowles, instructor at Westminster college is pictured here as she points out particular action in "Funny Business", first production of the Players club this season. On stage can be seen (left to right) Miss Marilyn Cypher, (seated); Byron McConnell, James Ashcom, Mrs. Julie Palumbo, (European actress); Miss Cowles and William McClinton.

From all over the county, the Players' club of New Castle draws talent for its season opener, and "Funny Business". This is talent that has played the legitimate stages of Europe, England and 16th Century English.

One-half of the offerings, given in the United States on that day to the Home Missions Council of North America, is used to aid the American Indian, sharecroppers and migrants. The other half is given to the Foreign Missions Conference of North America to be used in interdenominational work here and abroad.

The local World Day of Prayer service will be held in the First Methodist church on Friday, Feb. 9, when Mrs. C. W. Baker will speak. Music will be under the leadership of Mrs. William J. Caldwell.

There was a general discussion of "prayer," which included weaknesses of the local observance of the World Day of Prayer. The group voted to send a petition to President Truman, asking that a Day of Prayer be set aside in our nation for prayer, concerning present world conditions.

Each church of the district is to contribute two dollars towards the local observance of the World Day of Prayer.

After a season of prayer, Rev. H. H. Grove, pastor of the host church, offered the benediction. Mrs. Frederick Smith, who is home on furlough from her missionary duties in Colombia, South America, will speak at the next meeting of the "prayer cells" Tuesday, Jan. 9, in Bethany Lutheran church, East Washington street.

New Castle Optimist club will meet tonight at The Castleton hotel at 6:30. Paul Dingledy will speak on the "American Economic System". Plans for the annual college basketball game will be discussed.

REVEAL SECRETS OF REDS' 600-MILE-AN-HOUR JET PLANE

LONG A RUSSIAN TOP-SECRET, details of the Soviet MIG-jet fighter recently used in North Korea are now known to Washington and London officialdom. Here, for the first time in the U. S., is revealed a cross-section of the pursuit craft which has a speed in excess of 600 miles per hour. Of all steel construction, its length is approximately 32 feet and the wing span 34 feet, 2 inches. Both its tail-planes and wings are backswept. Mounting of elevators high on the rudder fin is a feature. The fuselage is almost cylindrical and open at both ends. Air is admitted at the front through divided intake pipes. The exhaust passes from a jet pipe in rear. The open nose is considered dated by experts. The armament reportedly consists of four 20mm ShVAK cannons. It is smaller than the U. S. Shooting Star. munist China was responsible to basic decisions reached even be-

fore the North Korean attack last

June. Communist China unquestionably having pledged herself to

use her full military resource in

support of the North Korean ef-

fort should the necessity arise.

Nor, obviously, could any inci-

dents of the campaign have had

the slightest influence upon formu-

lation of such decisions.

The danger of their secret ex-

istence was inherent in the initial

conflict involved in adoption by the

United Nations of its resolution

of June 27 (authorizing U. N. mili-

tary intervention after invasion of

South Korea by North Korean

troops from above the 38th paral-

lel.)

Thus it is perfectly clear now

that whether our troops had

crossed the 38th parallel or had

remained south thereof, the Chi-

nese forces would have been uti-

lized to rectify the situation result-

ing from the North Korean defeat.

PITTSBURGH, Dec. 6.—Unbeaten and untied Lehigh and the University of Pennsylvania dominate the International News Service all-state major college football team of 1950.

Each of the two outstanding teams placed three men on the first eleven. Much-beaten Pitt, always strong in the line, earned two berths there. Temple, Penn State and Villanova rounded out the mythical starting lineup with one man apiece.

Lehigh's touchdown twins, Dick Gabriel and Dick Doyne, and engineer guard Bill Clavarino were comfortable choices in the voting by coaches and sports writers and broadcasters throughout Pennsylvania.

For Penn, Francis (Reds) Bagnell—of course—made the backfield and end Herb Agoes and guard Bernie Lemonick are in the line.

NEW CASTLE, PA., NEWS, WEDNESDAY, DECEMBER 6, 1950

HERE and THERE IN SPORTS LAND

NORTHWEST DIVISION of the Pennsylvania Federation of Sportsmen's clubs will hold its mid-winter meeting December 17 in Mercer. Plans include a Christmas party in the evening following the annual old-time buckwheat supper sponsored by the Mercer County Council of the federation. The general public is invited to both afternoon and evening affairs. Those who intend to be present should make reservations through local sportsmen's clubs officials.

Several days ago Here and There reported that this was the first deer season Neil Williams, outdoorsman, who suffered the amputation of both legs, was unable to visit his hunting camp in the Big Woods. Well, Neil got there. A good Samaritan drove him to the camp, which was a very nice act. . . . Joe Medure, department of city property, has been trying to get away to bag a deer but so far his time has been so monopolized he hasn't yet found time to make the trip. . . . Dick Davis is basketball-minded. . . . Children of Cleveland will receive a lot of toys from the Gavilan-Janirek bout, which Janirek dropped on points. Ed Bang, Cleveland News Sports Editor, sponsored the show which drew \$61,000, and put Cleveland back on the fistic horizon. . . . Paris Cangey, erstwhile lightweight, who laid 'em when he hit 'em on the chin, is railroading. He's working out of Painesville, but gets home frequently. The Veteran Boxer, magazine of good circulation, will carry a story about Cangey in its next edition. Cangey and the late Jimmie Dime were of the same temperament and, while Cangey boxed under Dime's management, they never got along together, hence this interfered with Cangey's pugilistic ascent. . . . Years ago, Johnny Phillips was one of the city's best cueists. He yet can manipulate a cue in good style. He is a guard at the Johnson Bronze company. . . . Young Tennessee, a fighter of local prominence, several decades ago, yet possesses the featherweight physique that brought some splendid wins. . . . The Universal-Rundle basketball quintet has both height and experience, and should turn in some excellent games this winter. . . . Talking of basketball, the day of the small man apparently is over when opposed to large teams. Possibly some day basketball officials may raise the hoops which will make it as difficult for them to drop goals in as it is for the smaller boys. However, upon one occasion Here and There witnessed a small team win the KIO (Kentucky, Indiana and Ohio) tournament. It was when he was covering boxing and basketball for the Cincinnati Times-Star. Ellwood, Ind., had a small team. St. Xavier of Cincinnati had a large team. Ellwood's teamwork was such that it baffled St. Xavier. Ellwood won the tournament in the final setto. . . . The most essential factor in anything is teamwork. . . . "Heavy" Orr, the Penn Power engineer, did a Samaritan act recently. Walking up snow-covered Highland avenue hill, he noticed a young man drawing his two sons on a sled up the hill. It was tedious, hard work. "Heavy" seized hold of the rope and "took over." In his younger days, "Heavy" was a griddler of note.
